Many have availed themselves of this opportunity to buy suit and overcoats at a far less price than ever before in the city of Newark. We have lots of just as good bargains for those who COME EARLY.

Rutledge Bros., Sellers of Good Clothes.

PROSPERITY SALE!

Last year was a winner for us—we sold lots of shoes and mighty good ones, too, and next year will be even better, we're sure of that.

With this increasing volume of business we are bound to have a surplus of shoes, goods which we had to order from time to time to meet probable demands and keep our lines full. This surplus, a raft of this season's medium and winter weights, is still in the store.

We have ordered more spring shoes than ever, they're on the road now, and we must have room for them.

We are up against the proposition of getting these surplus shoes off our shelves, and quick, too. There's only one way to do it—by reducing prices.

We therefore place before you a cut price feast that is unparalleled, an opportunity to get shoes for the rest of the winter and for early spring wear, the like of which you never knew.

We'll bring Prosperity in the shoe line face to face with every man, woman and child hereabouts.

3000 pairs of this season's shoes at the very smallest prices you ever saw.

NO GAS WELLS

At Buckeye Lake Will be Allowed

WILL NOT GRANT THE LEASE

The Public Park Waters Everywhere are Protected Say the Commissioners.

Columbus, O., Jan. 20.—There will be no gas or oil leases placed on Buckeye lake (Licking reservoir), or any other of the artificial bodies of water which have been set apart by the state as public parks. Both Commissioner Wikoff and Commissioner Blatchley pronounced unequivocally against the proposition when asked about the two pending applications.

Last week A. H. Heisey, the glass manufacturer of Newark, filed an application for a gas and oil lease on the reservoir and banks at such points as the State authorities might designate. As soon as the news of the application was published another application came from the Federal Gas company of Columbus, intending to use whatever gas was found in the general market.

Commissioner Wikoff said that the applications would come up in the regular order at the next joint meeting of the commission and the board of public works on the second Tuesday in February, but as no leases could be made without the recommendation of the commission and both its members were opposed to granting them the applications would be rejected. He felt sure that the members of the state board felt the same way about it. Applications for such leases on Summit lake and the Lewiston reservoir which like the Licking reservoir are state parks, had been rejected. In only one of the reservoir parks have such leases been granted and that is the Mercer reservoir. There oil and gas leases had been made before it was made a state park. The state canal commission takes the ground that the state does not need the money and, having decided to make the reservoir state parks should not now reverse this decision by permitting derricks to be erected on the property.

Commissioner Wikoff suggested that possibly oil might be found there and this would cause such excitement and commotion in the vicinity not to speak of the foul smell of the crude oil, as to make the place anything but desirable as a place of public resort and recreation.

UTICA GAS FIELD

Work Commenced on Well for Logan Company on Knowlton Farm. Utica Company's Stock.

(Utica Herald.)

Work was commenced last week by Irick and Twigg on a well for the Logan company on Levi Knowlton's Denty farm near Appleton. This is further west than any of the other wells in that section of the field. On Monday, Deputy Sheriff Hindle served upon the Logan officers and Contractors Irick and Twigg, papers in an injunction secured from court by Mr. Knowlton's contention is that the company had forfeited the lease. We have learned that while the lease money was in the bank for Mr. Knowlton, the bank people did not credit the same on his account because it had not been receipted for, and therefore Mr. Knowlton contends that it was not "deposited to his credit," as the terms of the lease specified should be done. Mr. Knowlton alleges that the lease was void because there was no consideration for the first year except \$1. The lease was one of the early ones taken by Swartz at fifty cents an acre.

There have been but few changes in the list of stockholders of the Utica Gas company within the past year. J. O. Harris and a very few others have closed out their holdings, but not many new names appear, as most of the shares offered were picked up by other stockholders. For instance, George Sperry, who held 15 shares a year ago, now has 75. Theodore Haines now holds 60 shares, as against 26 last year. Miss O'Bannon of Newark is one of the new ones, she having been so lucky as to get 24 shares. The price paid has varied from \$17 to \$14 per share. While par is \$10 the shares represent an investment of close to \$2, as about \$10 per share earnings was devoted to extensions instead of being paid in dividends. Before the present ten per cent dividend was declared.

SIX INCH MAIN

BEING PUT IN AT CITY LIGHT PLANT

By Newark Gas Light and Coke Company, and a Meter Has Also Been Set

Since turning in the gas into the municipal electric light plant by the Newark Gas Light and Coke company, in accordance with its franchise contract with the city, to furnish free gas at this plant, the gas company has begun laying a six-inch main into the building to take the place of the three-inch main now in use, and a meter has been placed there. J. P. Lamb, president of the board of public service, said Friday:

"That is the solving of the entire difficulty between the gas company and the city. The Newark Gas Light and Coke company, buys its gas from the Logan company paying for it 50 per cent of the gross receipts. The Logan company sells this gas to the Newark company under a working contract and of course if the latter should furnish free gas to the city the former would receive no revenue therefor. For this reason the Logan people were anxious for the city to take 2 per cent of the gross receipts instead of the free gas. They are getting all the worst of it as they furnish free gas to other city plants for their franchise, and now under the Newark company's franchise, they would have to furnish free gas to the municipal electric light plant, and therefore would receive no revenue from this source.

"It is my opinion that the Logan people could not be drawn into this kind of an arrangement, and that they insisted upon the Newark company paying them for the gas used at the light plant. Hence the meter was put in. What would be the use of a meter otherwise? And now comes the Newark company and puts in a six inch instead of three-inch main, so that the pressure against the meter will be materially reduced.

However, everything is satisfactory with the board, or will be as soon as the Newark company pays the city for the gas it had to buy, some \$300."

BURIED ALIVE

Seven Workmen Met Death While at Work in a Cut at Antoine, Arkansas.

Antoine, Ark., Jan. 20.—Seven men were buried alive under a great pile of dirt and rock as the result of a cave-in in a deep cut five miles north of Antoine, on the Girdon and Fort Smith railroad. The dead: Ed Miner, L. M. Bennett, L. J. Sweeney, Frank E. Hess, Pat Mulligan, Jim Granzer, Felix Raglan. All are white men. It is not known where their homes are. The men who were killed came here with a large number of others from St. Louis, and nothing is known of them locally. The accident occurred when 150 men were working in the cut. The cut is about 50 feet deep at that point and the seven men who were caught were buried under some 20 feet of rock and dirt.

A young man was fined the other day in a London police court for striking his sweetheart. His defense was that he had asked him to suspend their engagement a month in order to give another admirer a trial.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. Another Monster Monopoly

It Fattens on the Wages of the People

EVERYBODY'S MAGAZINE begins, in its February issue, another public service, in its way, as important as the revelations of "Frenzied Finance."

The Beef Trust is a gigantic burglar, which has broken into every home in America and commits robbery each day of the year.

The Beef Trust's robbery of the people has been more arrogant and shameless than even the crimes of "Frenzied Finance," which Mr. Lawson is revealing with such awakening power. Every dinner table in our whole country has been made more costly by the pitiless coterie of plundering gentlemen known as the Beef Trust.

CHARLES EDWARD RUSSELL, of Chicago, one of the soundest and most brilliant of American editors, begins in the February number of

Everybody's Magazine

a series of articles which will lay bare to the bone the astounding details of this universal and long-endured larceny.

He shows how the Beef Trust has fastened its unyielding grip on the natural food supply of America, and how it taxes both the producer on the prairies and the consumer in his home.

He shows how the Beef Trust, insatiable and defiant, has jeered at the laws, has terrorized great railways, has taxed more commodities than all other trusts combined, and plans to control the price of every food product grown in the United States.

These articles will startle and stir the nation. The Lawson chapters on the crimes of "Frenzied Finance" are their only parallel in current literature.

Mr. Lawson's articles will continue in each issue of Everybody's.

FRATERNAL INSURANCE RATES RAISED.

Why should it be a surprise to you that the rates of that particular assessment organization of which you are a member, should be raised? It is simply the history of all such organizations. We supposed you were aware of this, and were expecting it. With the laws of mortality, which are as certain as the laws of gravity, it can never be otherwise. Besides having to die to win (providing the company survives you) and with non fixed rate, with nothing saved for old age, you subscribe, when joining any assessment company, to any changes necessary in rules and regulations. With no membership fee, no medical examination, no annual dues will give you a rate for 10, 15 or 20 years, and return you your money with interest at the end of the period. Insure with the strongest company in the world.

WASHINGTON NEWS

In the Senate.
Washington, Jan. 20.—Consideration of the statehood bill was continued in the senate, and Mr. Stone spoke for two hours in opposition to it. The bill for the remuneration of American fur sealers who suffered losses because of their suppression also was debated at some length, but no action was taken.

Women Testify For Smoot.
Washington, Jan. 20.—Two prominent gentle women of Utah, one a member of the legislature that elected Mr. Smoot a senator, were witnesses in the Smoot inquiry before the senate committee on privileges and elections. Both women gave Senator Smoot an excellent reputation, and testified that they would not vote for a polygamist. The counsel for Senator Smoot exhausted their list of witnesses here, but expect several witnesses will arrive in time for the next session.

Bristow's Retirement.
Washington, Jan. 20.—Fourth Assistant Postmaster General Joseph L. Bristow has retired from that office. He received the subordinate officials and employees of his bureau and bade them goodbye. He conferred with Secretary Taft regarding his new duties as special commissioner to investigate the rate conditions, etc., in connection with the Panama Railroad company and received some of his instructions for the performance of that work.

Want Beer at Army Posts.
Washington, Jan. 20.—On behalf of the Woman's Army and Navy League Mrs. Josephine Kelton, widow of the late Adjutant General J. C. Kelton, presented a petition to the senate committee on military affairs for the reestablishment of so much of the canon as permits the sale of beer at army posts. The petition was signed by 306 women, most of whom are related to the officers of the army and navy, including Mrs. A. R. Chaffee, Mrs. W. S. Schley and Mrs. W. H. Sampson. Mrs. Kelton said the women spoke from personal experience as to the beneficial effects of the canteen.

NEWARK HIGH

GETTING READY FOR THE COMING BASEBALL SEASON.

Edward Nehls Elected Manager and Edward Kibler Captain—Strong Team is Promised.

The Newark High school baseball team at a meeting held Thursday afternoon elected Edward Nehls manager and Edward Kibler captain of this season's baseball team.

Several of the men on the 1934 team are eligible and will play including Pine, Nighe, Nehls, catcher, Prior, second, Blood and Speer outfielders, Stanley Mitchell, from the vicinity of Washington C. H., and Frank Applegate of Indiana, players of ability, have entered the High school and will try for the team.

The prospects for the coming season are very bright and the 1935 team should equal the great record of that of 1934, which won three out of four games.

Newark High in Zanesville. The High school basketball team will go to Zanesville a week from tonight, January 27, to play the strong Clay City five.

DENISON VS KENYON

Two Basket Ball Teams Will Contest for Supremacy at Granville on January 27.

On Saturday evening, January 21, the basketball teams of Denison and Kenyon will battle for supremacy at Cleveland Hall, Granville. The Gambler boys will come confident of victory, flushed by their great showing against the Cincinnati Y. M. C. A. team on Thursday night, while Denison will make every effort to carry away a victory which will mean much to her team.

As in every other branch of sport the rivalry between these two institutions in basketball is intense and each will use every play in its repertoire to win the game. The game will be called at 8 o'clock and the admission will be 25 cents.

A number of Newark devotees of this great indoor game will attend the contest.

CARL WEIANT

NEWARK BOY PLAYS A GREAT GAME AT CINCINNATI

Although Kenyon Was Beaten Game Was One of the Best of the Season.

Kenyon's basketball team met with defeat at Cincinnati Thursday night, the Y. M. C. A. team of that city winning an exciting game 26 to 14. All round fine team work, steady playing and sure passing rather than individual brilliancy won for Cincinnati. Kenyon was minus its giant star, Boggs, which handicapped the team greatly, but in spite of this the Gambler boys put up a plucky game. Kenyon was penalized seven times for fouling. Captain Quinn being the chief offender, while Y. M. C. A. made six fouls. It was one of the most brilliant games seen in Cincinnati this season, and although there were spots where rough playing protruded the whole was characterized by more genuine basketball methods than college games have thus far shown according to the Cincinnati papers.

Opelt and Galarani were the stars for Cincinnati, while Juinn, Clark and Carl Weiant, son of Mr. Warren Weiant of Newark, played brilliantly for Kenyon. Weiant's two field goals were sensational and stamps him as one of the best forwards in Ohio.

The line up was as follows:
Y. M. C. A.—Galarani, Opelt, F. Saum, C. Sandau, G. Lukan, G. Kenyon—Clark, Weiant, F. Crosby, C. Quinn, G. Stewart, G. Refree, Hall: umpire, Marshall; Score, Y. M. C. A. 26 Kenyon 14; goals for Y. M. C. A. 2 field; Lukic 2 field and 5 fouls; Opelt 2 field and 2 foul; Galarani 3 field and 1 foul; Kenyon, Clark 2 field and 6 fouls; Weiant 2 field.

HAVE YOU WEAK LUNGS?

Do You Fear Consumption?

"When we take into consideration the fact that one out of every seven in this climate die of consumption, is it any wonder that it is feared by the people of Newark, who have weak lungs and chronic colds and coughs?" said Mr. Hall, our local druggist, to an Advocate reporter.

"A famous London physician has for years urged his patients, when the slightest tendency to consumption appeared, to take all the cod liver oil possible into their system, and physicians everywhere have recognized its value for coughs, colds, bronchitis, consumption and all wasting diseases, but, unfortunately, few could take it and derive any benefit from its use, on account of the indigestible grease which it contained.

"Now," continued Mr. Hall, "I want every person in Newark to know the value of our new cod liver oil preparation, Vinol. It actually contains in a concentrated form all of the body-building elements of cod liver oil actually taken from fresh cods' livers, without a drop of oil or grease to upset the stomach and retard its work.

"Therefore, wherever old fashioned cod liver oil or emulsions will do good, Vinol will do far more good. We guarantee Vinol will improve the appetite, strengthen digestion, make rich, red blood, cure chronic coughs and colds and strengthens weak lungs.

"We have letters from people who have been given up to die in consumption and claim to have been cured by Vinol. Among others is the following from Mrs. J. G. Brown of Anderson, Indiana:

"Our daughter was on the verge of the grave with consumption. Our family physician said she could not possibly recover. She was so weak we could only give her half a tablespoonful of port wine at a time, this being the only thing she could take into her stomach. We tried Vinol, however, and, after taking several bottles, our daughter was up and taking her meals regularly, and is now as healthy as she ever was. We hope other dear ones may be saved as ours was, and ours are inadequate to express our gratitude to you and your splendid cod liver oil preparation, Vinol."

"If Vinol fails to give satisfaction to our customers, we return your money without question." Frank D. Hall, Druggist.

Organ Recital.

Just one week from today, Dr. Minor C. Baldwin of New York, will give an organ recital at the St. Paul Lutheran church. The New York Musical Courier said of Dr. Baldwin: "World's Fair music has reached its zenith in the events of the past week, which have included the star attractions of the season. Minor C. Baldwin of New York, electrified his audience with a most spirited performance, his opening number, 'The Toccata of Bach, was played with a firmness and spirit that aroused the audience to a high pitch of enthusiasm, which was maintained throughout."

Tickets on sale for the recital at City Drug Store, Wiles-Erman Drug Co., Sample shoe store, the Hayes Co., East Side Pharmacy and Imhoff's grocery.

INHERITED SCROFULA

"When a child I had a very severe attack of Diphtheria, which came near proving fatal. Upon recovery the glands of the neck were very much enlarged, and after the free use of iodine, the right one was reduced to its normal size, but the left one continued to grow—very slowly at first, until it was about the size of a goose egg, which began to press on the windpipe, causing difficult breathing, and became very painful. An incision was made and a large quantity of pus discharged. The gland was removed, or as much as could safely be taken out. For ten years I wore a little piece of cloth about an inch long in my neck to keep the place open. During this time I had to have it cut open by the doctor every time I took cold or the opening clogged. In the Spring of 1884 I was persuaded by my wife to use S. S. S., which I did, strictly in accordance with directions. I took twenty-six large bottles, and was entirely cured, for I have not suffered since that time."

Dissolution and Rebuilding Sale!

The partnership of this firm has been dissolved by mutual agreement. The former manager A. S. Stephan continuing the business, under the old established name, "STEPHAN'S DEPARTMENT STORE" corner Fourth and Main streets, Newark, Ohio.

My brother retiring from the business must have his money by February 10. Now, I am square up against a problem of raising the required amount by that time. To do this I have decided to name some very special low prices.

AMUSEMENTS

SEATS NOW SELLING.

Seats are now on sale for both matinee and night, "Hooligan's Troubles" and "Who is Who."

HOOLOGAN'S TROUBLES.

That bright, breezy and spirited comedy, "Hooligan's Troubles" now being presented by the cleverest fun makers will be the attraction at the Auditorium Saturday, January 21. The comedy is one of those rattling humorous conceits which is ever popular; filled to the brim with charming satire, up to date specialties, and all that goes to form two and one half hours of solid pleasure and wholesome laughter. Everybody seems to be crazy over Hooligan. Tickets will surely go like hot cakes. This makes the fifth year for "Hooligan's Troubles" and millions of people have laughed at this matchless side splitter. This splendid company of fun makers is well recommended wherever they appear. Standing room only is the warning in all towns—packed to the doors. Beyond doubt the funniest comedy on the road. Three long acts of constant laughter. Bring the whole family and enjoy an evening of pure fun. Get your seats early, else you'll have to go away back and stand up. Be sure to fetch grandma and grandpa, all the crowned heads of Europe are yet laughing over "Hooligan's Troubles." Matinee and night. Seats now on sale.

WHO IS WHO.

In "Who is Who" the Fuser and Forman company have a vehicle excellently suited to its capabilities in its humorous style of comedy. As Jack Hartland the strutting young lawyer who thinks the exploitation of a medical partner will make his way to fame and fortune less arduous, Charles Fuser is said to have a role which

fits his artistic genius to a nicety. While Max Rossi as Peter Von Baumback the wealthy old German banker, is seen at his best. The easy drive of fun which permeates every particle of Hartland's efforts to explain the continuous non-appearance of his partner, Nemo the complications into which these efforts plunge him, all turn into laughs as natural as can be and the audience is carried through two and a half hours of it before they realize it. In this, the third edition of this popular farce, we are promised the largest and strongest company of comedians and pretty girls that has ever appeared in this organization. There are many up to date, bright and crisp specialty introductions, plenty of catchy, breezy music, and in fact, every possible adjunct that goes to make up a high class musical farce comedy. Auditorium one night, Monday, Jan. 23. Seat sale opened Friday morning.

UNCLE JOSEPH IS COMING.

"Uncle Joseph Perkins" will undoubtedly attract large audiences at the Auditorium next Wednesday, January 23, when it is produced there both afternoon and evening as the piece has proved one of the most popular of all rural comedies that have been produced in recent years. While "Uncle Joseph Perkins" has a most interesting plot, the lines are well written, the characters well drawn and the action natural and not forced. To add to the production Frazee and Fay have equipped it with a complete scenic environment, while the acting company is made up of the very best metropolitan talent and includes a number of well known local favorites. Seats on sale Monday.

AT THE RACES.

"At the Races," headed by the Lyman Twins and a large company will be one of the coming attractions to appear here soon.

GAINOR'S FACTORY

WILL BE ENLARGED DURING THE COMING SUMMER.

Stockholders of Glass Company Vote Unanimously to Increase Capital Stock.

Coshocton, Jan. 20.—Late yesterday afternoon the stockholders of the Coshocton Glass company voted with unanimous voice to increase the capital stock from \$50,000 to \$100,000.

Nine-tenths of the stock was represented at the meeting. The company will divide the new stock into \$60,000 common and \$40,000 preferred. Of this new issue of \$40,000 only \$10,000 of the preferred has been put on the market and it is a significant fact that \$6,000 of this sum has been spoken for before the formal proceedings authorized it.

The increase of stock means enlargement of the plant at the coming summer shut-down.

The plant is managed by Thomas J. Gainor of Newark.

HEBRON IS "WET"

By the Narrow Margin of a Single Vote

EVERY VOTE IN TOWN CAST

Six Votes Out of 165 Were Thrown Out by Election Judges.

Hebron, O., Jan. 20.—The "wets" have won by the smallest possible majority—a single vote.

Thursday was a day of intense excitement in this little town and as an indication of the strenuous work done by both sides in the contest, it may be stated that every vote in town was cast. Here is the result: Wets 80, Drys 79, net counting 6.

One of the six votes that were thrown out had no mark whatever and the other five were so marked that the intention of the voter could not be determined. There is very little talk of a contest and it is altogether probable that the verdict as rendered will stand.

There are rumors of irregularity in the election but what they will amount to can not now be stated.

There are two saloons here now and there is talk of a third being opened by a brewing company.

AGED HORSE THIEF

SENT TO OHIO PENITENTIARY FROM NEWARK.

Admits That He Served Term in the Columbus Prison Just Thirty Years Ago.

Columbus, Jan. 20.—"I was here 31 years ago," said aged Albert Huff as the steel gate at the penitentiary clanged behind him Thursday.

"The place looks no different now," he continued. "It's just as dreary. Four years ahead of me—four years of routine, the daily routine with no variation, no relief to the monotony."

Huff is about 70 years old. In 1874 he was sentenced to state's prison for horse stealing, serving two years. This time he will spend the next four years behind the bars for a similar crime. Huff was sent up from Newark.

HORSE RAN OFF

Mrs. Ada Shipley Had a Narrow Escape While on Her Way to a Funeral.

Lock, O., Jan. 20.—The breaking of the harness on a horse which Mrs. Ada Shipley was driving on her way to attend the Rowland funeral Thursday afternoon was responsible for an exciting runaway. Mrs. Shipley finally turned the animal into a blacksmith shop across the street from the Rowland home. The animal plunged through a window in the building and was badly cut about the body. Mrs. Shipley suffers from heart trouble and the excitement caused her to become very weak, but she soon recovered. She was not injured. The street was filled with vehicles at the time and the accident might easily have resulted much more seriously.

B & O. IMPROVES LOCAL ROADS

**Expending Four Million Dollars--Prospect of Strike Not
Minimized--Accident Report--Ran B. & O. Big
Engine--Local Paragraphs.**

The Baltimore and Ohio railroad has almost completed the extensive improvements to the Cleveland division, which practically involved the rebuilding of the southern portion of the old Cleveland, Lorain and Wheeling line, straightening the alignment, reducing grades and changing from single to double track. This work has been in progress about eighteen months and it is expected to be finished and ready for through operation by March 1st. The total expenditure will amount to about \$4,000,000, and will put the Cleveland, Lorain and Wheeling line in first class condition to handle traffic at an economical cost. The maximum grade on the division will be 15.3-10 feet to the mile northbound and 26.1-2 feet southbound.

To make a connection with the main line of the Baltimore and Ohio at Benwood, W. Va., it was necessary to build a new line a distance of about a mile from the end of the bridge across the Ohio river at Belaire, to come to grade with the Cleveland, Lorain and Wheeling line. The old line of which terminated considerably below the bridge tracks. Steel viaducts were erected over the streets of Belaire and across the Cleveland, Lorain and Wheeling yards. The Ohio river bridge had to be entirely rebuilt to strengthen it to carry the heaviest engine. This improvement permits a direct movement of trains going west with the Cleveland division. Trains can go from Wheeling and the Fairmount, W. Va., coal region on to Benwood Junction across the Ohio river, down over the new line to the Cleveland, Lorain and Wheeling and on to Cleveland, Fairport and Lorain, or out over the Central Ohio road to Zanesville without change.

The most important work done on the Cleveland, Lorain and Wheeling was the construction of the new cut-off line between Bridgeport and Flushing, the latter point being about three and a half miles south of Holloway, Ohio. Nearly all of it is new road and for it new right of way had to be purchased to straighten the line and take out the curves. As it is double tracked practically a new tunnel had to be built at Flushing, the old one being single track and having a rather heavy grade in it. Only a small portion of the old tunnel could be used. This big piece of work was completed several weeks ago. All the track between Bridgeport and Flushing is laid with 85-pound rails in place of the old 70-pound rails.

A new division terminal has been established at Holloway where the most modern facilities have been provided for handling the business. There the Cleveland division and the Wheeling division meet and train

crews are run from there north and south. The terminal improvements consist of a large freight yard, classification yard, machine shop, roundhouse, turntable, water tank, ash pit and a large reservoir for storage of water. The reservoir will supply the engines with water and prevent a famine during dry season.

Another important piece of work is between Chippewa Lake and Lester. This is known as the Medina Cut-Off and consists of about ten miles of new track. This work has just been finished. From Navarre to Columbus, the line has also been somewhat shortened. This is known as the Pigeon Run Cut-Off.

The channel of Stillwater creek was changed to eliminate bridges at Freeport, and a long passing siding was put in at Piedmont. The grade was reduced and additional track laid between Uhrichsville and Canal Dover. The grade has also been reduced at Justus.

Large improvements have also been made to the terminals at Lorain on Lake Erie, to meet the requirements of the increased volume of business. The most important is a new coal dock that was completed a few weeks ago and is now in use. The dock is 700 feet long and equipped with the most modern facilities for transferring coal from cars to vessels. These include a Jeffrey Conveyor, or telescopic chute and chute tower and engine and a boiler. New track was laid and considerable dredging done to enable the vessels to get up to the dock. A portion of the property purchased by the Baltimore and Ohio over a year ago at a cost of \$120,000, was used for the dock improvements. About \$90,000 was expended in constructing the dock. In addition to this work new machinery was installed in the machine shops, where repairs are made to locomotives and freight cars. The old buildings were destroyed by fire in December, 1902, and since then the shop for repairing passenger cars has not been rebuilt. The yard has also been considerably enlarged and additional tracks laid to facilitate the handling of traffic.

When the big improvements on the Cleveland division were started the old Cleveland, Lorain and Wheeling line was very crooked and in bad condition. In practically rebuilding the line it was necessary to detour it at a number of places for the purpose of cutting down grades and lessening the curvature. This work, with the new terminals at Holloway and the improvements at Lorain, places the division in first class shape for operation. It gives the Baltimore and Ohio a low grade line to the Great Lakes that permits of prompt and easy movement of the large volume

of coal from West Virginia points. It is this character of improvements that has built up the entire system of the Baltimore and Ohio railroad and made it one of the best in the country.

Trainmen's Dispute.
Philadelphia, Jan. 20.—The situation in the controversy between the Pennsylvania Railroad company and the Brotherhood of Railroad Trainmen is most acute. P. H. Morrissey, grand master of the brotherhood, who was called to this city by Vice Grand Master Lee in a final effort to procure if possible an amicable settlement of the differences, was in conference with the board of adjustment. Mr. Morrissey informed Mr. Lee that there was still another step to be taken, and said he would leave for Cleveland on the first train.

Prospect of Strike.
Vice Grand Master Lee of the Brotherhood of Railroad Trainmen, discussing the situation, said:
"We stand where we stood after our conference with Mr. Atterbury on Wednesday. Nothing has happened to minimize the prospect of a strike. While we have absolute authority to settle the question or order out the men, it was deemed best to put Grand Master Morrissey in touch with the situation before any action was taken. He is the highest officer in the brotherhood, and it was considered wise to let him see just how matters stood."

General Manager Atterbury of the Pennsylvania road said that so far as the company is concerned there was no change in the situation.

Ran the B. O.'s Big Engine.

Engine No. 2400, the biggest locomotive in the world, which has been doing work as a pusher on the Sand Patch grade of the B. & O. railroad, was taken to the Conestoga, Pa., shops yesterday to have its boilers washed. When the giant locomotive arrived in Conestoga, Rockwell, Marietta, vice president of the Title and Trust company of Western Pennsylvania, the oldest railroad in Fayette county, Pa., was invited into the cab to draw it through the yards to the turntable. This courtesy on the part of the B. & O. officials gives Mr. Marietta the distinction of having run the smallest and largest locomotives in Western Pennsylvania. Mr. Marietta also has the distinction of having been the youngest locomotive engineer in the country, having had a regular passenger run on the B. & O. railroad when he was 16 years old. The first engine he ran weighed only 11 tons.

Accident Report.

The Interstate Commerce commission has issued a report on railroad accidents in the United States during the months of July, August and September, 1904, showing 228 passengers and 18 employees killed, and 2154 passengers and 153 employees injured in train accidents. Other accidents to passengers and employees, not the result of collisions or other accidents, brings the aggregate casualties for the quarter up to 1932 killed and 13,207 injured. There were 1439 collisions and 1321 derailments, the damage to cars, engines and roadway being \$2,438,072.

Pennsylvania West.

On account of the increased passenger traffic between Pittsburg and St. Louis, two extra coaches have been placed on the Pennsylvania evening trains west, and the passenger equipment of other trains will be increased within the next few weeks.

Railway Budget.

A portion of the cast bound passenger train No. 106, on the B. & O., left the tracks in the yards in Zanesville at 2:15 o'clock this morning, the engine, baggage car and smoker being derailed. No one was injured and as the train was running at a low rate of speed, it was soon brought to a standstill. The wreck train was sent down from this city and it required about an hour to replace the heavy locomotive and cars on the track.

Walter Deeser a helper in the boiler shop sprained his back on Thursday while at work.

Brakeman George Anderson is on the sick list.

Firemen Charles Jacobs and H. L. Young who have been unable to work for some time on account of sickness, have returned to work.

The checks for the payment of B. &

O. employees arrived here this morning on No. 7.

Brakeman D. F. Phillips has been given leave of absence for a short time.

Brakeman Grant Moore is laying off for a few days.

After having been off duty for a few days, Brakeman C. E. Rian has returned to work.

Martin Monehan, a molder, employed at the shops, who has been unable to work for a few days, is reported as being considerably better at this writing.

Mr. J. E. Pyle, a veteran engineer on the C. & H. V. division of the Panhandle, who has been enjoying a hunting trip in the wilds of Florida, writes that he has been having the time of his life, and has already killed several deer. He sent a fine deer to his family at Morrow, Mr. H. W. Pyle, a son, who is also a locomotive engineer, employed by the B. & O., and who lives in Newark, received his share of the deer.

The "Two Johns" company left this morning over the B. & O. for Washington, C. H.

Brakeman George Anderson is on the sick list.

Conductor Stewart has been given leave of absence for a short time.

Brakeman H. B. Feldner is laying off for a few trips.

Firemen E. B. Woolard, H. Perkins and T. F. Anderson are laying off for a few trips.

BOPE-GIBBS

(Continued from page 1.)

Increased interest in the intended presence here of Archbishop George Henry Edwards of Cincinnati, who is to be the official representative of the Southern Diocese of Ohio during the proceedings. The one deplorable feature of the case is its effect upon the social life of the city and the church. Prominent families are already involved in strife and petty disturbances all because of the Bope case, and it is stated that the other ministers of the city are not lending to Reverend Bope the moral support that he deserves.

MR. GIBBS IN NEWARK

Mr. W. A. Gibbs, the Zanesville street railway man who is the defendant in the \$20,000 suit brought by Reverend Bope, the trial of which was begun at Zanesville today as given at length in the Advocate's telegraph news on page one, was in Newark last night, but he politely but positively declined to discuss the case. Mr. Gibbs has not uttered a word for publication since his famous card was printed, attacking the character of the Zanesville clergymen.

Prevented Pneumonia.

"I had a very bad cold, and was threatened with pneumonia. After taking the third dose of Father John's Medicine, I received immediate relief. I have recommended it to all my friends." (Signed) Mrs. A. S. Burgess, 510 De Forest Ave., Bridgeport, Conn.

LAHUE HEARING

**POSTPONED UNTIL SATURDAY BY
MAYOR CRILLY.**

Lahue's Bond Was Fixed at \$600, but He Failed to Furnish Bail—He Was Sent to Jail.

The preliminary hearing of Frank Lahue, who was arrested Thursday afternoon on a charge of shooting at Joe Caldwell with intent to kill, was postponed by Mayor Crilly Friday morning until Saturday morning at 9 o'clock. Lahue's bond was fixed at \$600, which he failed to give, and he was taken to the county jail.

Two representatives of the Berkshire family were in the Advocate office Friday morning and stated that Joe Caldwell's statement that Frank Lahue was living with his (Caldwell's) wife was untrue, and that Lahue was simply a boarder at 395 Baltimore street.

Mary Anderson was arrested for visiting a wine room on Beech street and was fined \$5 and costs.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all druggists.

HELD UP A MAN

**And Took a Pair of Gloves From Him.
Police Are Looking For the
Highwaymen.**

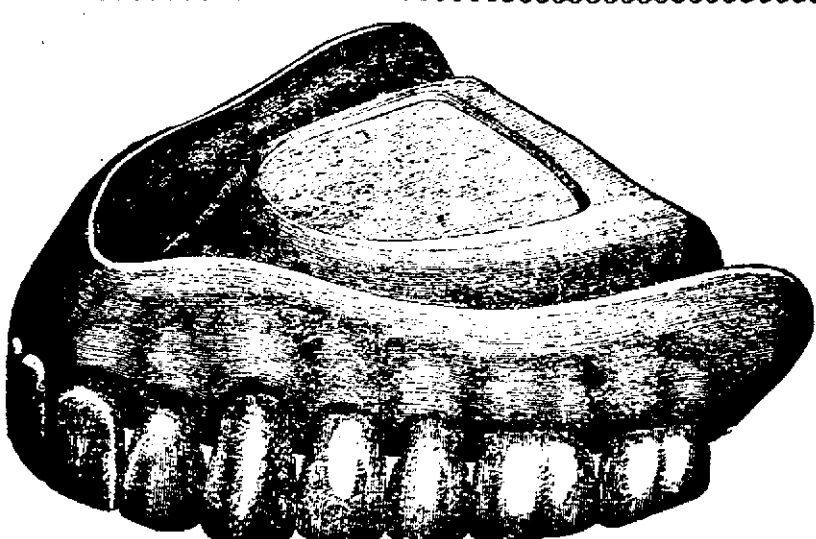

B. & O. Engineer Pat Shaney reported to the police that two tramps held up a man at Central City about 5 o'clock Thursday evening and took from him a pair of bearskin gloves. He thought that they came toward Newark and the police are on the lookout for them.

Rushville, Ind.
Messrs. Ely Bros.—I have been a great sufferer from catarrh and have feared and tried many things, but found no permanent relief until I found it in Ely's Cream Balm about eight years ago, and we have been fast friends ever since.

(Rev.) R. M. Bentley.

Messrs. Ely Bros.—Find enclosed 50 cents, for which please send me your Cream Balm. I find your remedy the quickest and most permanent cure for cold in the head, catarrh, etc. Yours truly, Del M. Potter, General Manager Arizona Gold Mining Company.

CATARRH

Cannot be cured

By Sprays or other

Local Applications.

Catarrh is not, as is generally believed, a local disease, but is due to serious causes deep-seated in the blood. Blood Taint and Lowered Vitality are the conditions which give rise to Catarrh and sprays, washes, smoking preparations or other local remedies cannot do more than temporarily relieve the symptoms and can never reach and cure the disease itself. Many doctors direct their efforts to relieving the mere symptoms of Catarrh, treating it as a strictly local disease and totally losing sight of the real causes that underlie the outward signs of this malady. Catarrh, if not promptly arrested and cured, may cause consumption or lead to very serious diseases of the digestive organs.

Botanic Blood Balm (B. B. B.) cures Catarrh quickly, thoroughly and permanently. Its curative properties act directly on the blood, driving out the poison, purifying and strengthening the whole system. It relieves immediately the disgusting symptoms of Catarrh, such as hawking, spitting, nose bleeding, ringing in the ears, the dropping of catarrhal matter into the throat, sick stomach, etc. It absolutely and permanently cures all forms of Catarrh—Catarrh of the Nose, Ear, Throat, Eyes, Lungs, Stomach, Liver or Kidneys. If you have any of the symptoms of Catarrh, don't waste time and money on worthless local remedies but get B. B. B.—the medicine that is guaranteed to cure.

Botanic Blood Balm (B. B. B.) is sold by all druggists. Price \$1.00 per large bottle. If taken in sufficient quantity according to directions on label and not cured, money is refunded.

Write for free book containing valuable medical advice and the history of many remarkable cures made by B. B. B.
